Call for Papers

Special Issue of Elsevier's ***Economic Systems*** September 2006

Debt, Financial Sector Development and Asian Economic Growth

Aim

The aim of this special issue of Economic Systems is to bring together a collection of papers that examines the association between country indebtedness, economic growth and financial sector development for Asian economies. In particular, the aim of the special issue is to publish a balance of papers that straddles theory, empirical evidence as well as future policy recommendations. Papers that address the following (but not exhaustive) list of topics would be encouraged that focus upon Asian Economies:

- Debt and Development of Bond Markets
- Debt for Development Swaps
- Debt and Economic Growth
- Debt Renegotiation, Write-Offs, Moratoriums and Credit Ratings
- The Effect of the 2005 Tsunami on Development and Economic Growth
- Governance and Debt
- Policy Recommendations to Alleviate the Burden of Debt
