Dear Prof. Whittred

As your university is a member of the Association of Commonwealth Universities (ACU), I am writing to inform you about one of the services that the ACU provides for its members, and which may be of particular interest to your institution's postgraduate students.

The ACU Advertising department runs an academic jobs website, publicising vacancies at universities around the Commonwealth and beyond. The website also features extensive resources for staff who are interested in working overseas. Working at an overseas university is often of interest to postgraduate or post-doctoral students, who are at the beginning of their academic careers, and are interested in the unique research and teaching opportunities to be found at an overseas university, as well as the experience of working and living in a different cultural context.

The ACU Advertising website enables people to search for jobs, and sign up for vacancy emailing of the latest academic posts. Those interested can also find out about the practical aspects of working overseas in the website's resources section. I have enclosed an information sheet about the website, and would appreciate it if you could display it in the relevant area, such as postgraduate or post-doctoral noticeboards.

If you have any questions about our service, or would like to request more information sheets, please do not hesitate to contact me. Thank you in advance for your assistance for your assistance in this matter.

Kind regards

Jocelyn Law

We have sent you information about one of the ACU's services, as we believe it will be of interest to you and your students as your university is an ACU member. If you do not wish to receive such information in the future, please tick and fax this back to the above fax number.
Expand your horizons!
